PROFESSIONAL SUMMARY

Results-driven Business Process Executive with 5+ years of end-to-end lead generation expertise across B2B sectors. Consistently delivers 1,500–2,000 verified, decision-maker-level leads per month at 98.9% data accuracy. Combines LinkedIn intelligence, and predictive analytics to build pipelines that convert cutting prospecting time for sales teams and directly accelerating revenue growth.

CORE COMPETENCIES

LinkedIn Lead Extraction • B2B Prospecting • Data Cleaning & Validation • CRM Data Management • Predictive Analytics • Decision-Maker Targeting • Pipeline Building • MS Excel / Google Sheets

PROFESSIONAL EXPERIENCE

Business Process Executive | Aykva

Mumbai, Maharashtra • Jan 2025 – Present

- ▶ Generated 1,500–2,000 verified, decision-maker-level leads per month via LinkedIn and multi-source scraping, sustaining a 98.9% data accuracy rate — reducing bad-data rework by an estimated 40+ hours/month for the sales team.
- ▶ Identified and profiled C-suite and VP-level prospects across target industries, improving sales teams connect rate by focusing exclusively on high-authority buyers.
- ▶ Built and enforced a standardized lead-entry protocol that cut data anomaly rates to less than 1.1%, directly protecting pipeline integrity.
- ▶ Applied predictive analytics to segment and score lead lists, enabling sales reps to prioritize outreach and shorten the average sales cycle.
- ▶ Awarded Data Entry Excellence Award for maintaining 98.9% accuracy over 12 consecutive months — the highest accuracy record on the team.

Business Development Executive | Fidelis Consortium

Mumbai, Maharashtra • Jan 2022 – Jan 2025

- ▶ Sourced and qualified B2B leads through LinkedIn scraping, and targeted email campaigns, building a pipeline of 500+ active prospects monthly.
- ▶ Designed and maintained structured Excel lead trackers with custom filters, reducing duplicate outreach by 30% and improving team-wide follow-up efficiency.

Business Development Manager | Nextbits

Ahmedabad, Gujarat • Mar 2020 – Dec 2021

- ▶ Generated freelance leads via targeted outreach.
- ▶ Managed and formatted prospect databases in Excel to match client-specific data requirements, reducing delivery turnaround by streamlining handoff to internal teams.
- ▶ Ran email campaigns targeting niche verticals, achieving open and response rates that outperformed industry benchmarks for cold B2B outreach.

Business Development Executive | DataPierce*Ahmedabad, Gujarat • Nov 2018 – Feb 2020*

- ▶ Maintained and updated a live prospect database of 1,000+ contacts, ensuring zero stale or duplicate records through weekly audit cycles.
- ▶ Scheduled and coordinated client-facing meetings from cold-call outreach, directly supporting the senior sales team's pipeline conversion efforts.
- ▶ Drafted business proposals tailored to individual client pain points, improving proposal-to-meeting conversion for prospective accounts.

KEY ACHIEVEMENTS

- ▶ Data Entry Excellence Award — sustained 98.9% lead accuracy over a full year, highest on record at Aykva.
- ▶ Employee of the Month — multiple recognitions for exceeding accuracy and throughput benchmarks.
- ▶ Team Award — key contributor to a data migration project that improved data integrity and cut accessibility issues for the operations team.
- ▶ Customer Service Recognition — resolved data formatting escalations faster than SLA targets, earning formal recognition from management.
